Suspicious of Proposed In-  
crease in Freight Charges.

TO BE EFFECTIVE TODAY

Attorney General Holds That  
Twenty-Five Railroads Acted  
In Concert and In Violation of  
Sherman Anti-Trust Law.

Hannibal, Mo., June 1.—Judge David Dyer of the United States court for the eastern district of Missouri, sitting in chambers, issued a temporary injunction restraining 25 western railroads from enforcing, effecting or making the advances in interstate commerce commission tariff A 115 on the ground that the said advances have been arrived at by the defendants therein by agreement with each other and without competition and in violation of the act of July 2, 1890, called the "Sherman anti-trust act."

It is further stated in the restraining order that "unless such a restraining order be issued said advances will become effective June 1, 1910, to the grave harm and injury of the people of the United States."

The petition upon which the injunction was issued was presented to Judge Dyer by Edwin P. Grosvenor of Washington, special assistant to the attorney general of the United States, and Frederick N. Judson of St. Louis, acting in like capacity. The petition was signed by George W. Wickersham, attorney general; William S. Kenyon, assistant to the attorney general; Frederick N. Judson, Edwin P. Grosvenor, special assistant to the attorney general; Charles A. Mout, United States attorney.

### TAFT APPROVES ACTION

Suit Against Railroads Discussed at  
Cabinet Meeting.

Washington, June 1.—Attorney General Wickersham instructed Edward B. Grosvenor, one of his assistants, who was in St. Louis, to apply to Judge David J. Dyer of the federal district for an injunction restraining 25 railroads in the middle west from putting into effect increases in freight rates ranging from 10 to 20 per cent.

The activity of the attorney general's office is practically the result of the appeal which was made to him by a delegation of shippers from the middle west, supported by 20 or more influential members of congress from that section of the country.

## TIZ-FOR SORE FEET

Fired, Aching, Swollen, Smelly,  
Sore Feet? Corns, Callouses or  
Blisters? Use TIZ. It's Sure,  
Quick and Certain.

You will Enjoy Using TIZ. The Most  
Pleasant Remedy You Ever Tried  
and Moreover It Works.  
At last there is instant relief and  
a lasting permanent remedy for sore  
feet. No more tired feet. No more  
aching feet. No more swollen, hot  
smelling, sweaty feet. No more corns  
No more blisters. No more callouses,  
no matter what ails your feet or  
what under the sun you've tried  
without relief, just use TIZ.

TIZ is totally unlike anything else  
for the purpose you ever heard of.  
It's the only foot remedy ever made  
which acts on the principle of draw-  
ing out all the poisonous exudations  
which cause sore feet. Blisters and  
other remedies merely clog up the  
pores, TIZ cleans them out and keeps  
them clean. It works right off. You  
will feel better the very first time its  
used. Use it a week and you can  
forget you ever had sore feet. There  
is nothing on earth that can compare  
with it. TIZ is for sale at all drug-

proceedings against the western  
truck-line committee asserts that  
the railroads have entered into a combination  
in violation of the Sherman  
anti-trust law. The president went  
over the case with the attorney gen-  
eral and concurred with him in the  
opinion that an injunction suit ought  
to be begun at once. The subject  
was also discussed at the cabinet  
meeting.

It is expected that the fight  
between the government and the rail-  
roads on this proposition will be bitter.  
The railroads of the country  
pretty generally have increases in  
freight rates under contemplation, if  
they have not already fled them, and  
in other cases the increases appar-  
ently have been the result of con-  
certed action through committees or  
associations.

Denies Moody Will Resign.  
Boston, June 1.—A report that  
Justice Moody of the supreme court  
is to retire next October unless his  
condition improves was received in  
Boston. Although he is still suffer-  
ing from stomach trouble, his condi-  
tion is somewhat improved. Dr. J.  
H. Goldthwaite, who is attending  
him, states that there is nothing in  
the report that his patient is going  
to resign.

Big Prize For Flight.  
New York, June 1.—At a banquet  
given by the New York World at the  
Hotel Astor, in honor of Glenn H.  
Currier, it was announced that the  
World and St. Louis Post-Dispatch  
would offer a prize of \$25,000 for  
the first successful airplane flight from  
New York to St. Louis. The time  
allowance and number of stops per-  
mitted have not been decided upon.

Norton Selected as Secretary.  
Washington, June 1.—It is re-  
garded here as practically certain that  
Charles D. Norton of Chicago will  
succeed Fred W. Carpenter as sec-  
retary to the president.

## BURTON WINS IN HARBOR DISPUTE

Most of Objectionable Items  
Are Dropped.

Appropriations for improvements at  
Cleveland Among Items Eliminated  
by Conference Committee—Bailey  
Threatens to Raise Rumpus When  
Report Comes Up in Senate Be-  
cause Beaumont-Neches Canal Was  
Slighted.

Washington, June 1.—The confer-  
ence committee of the senate and  
house on the river and harbor bill  
have agreed on that measure. Most  
of the propositions which were ob-  
jected to by Senator Burton of Ohio  
on the ground that they had never  
been recommended by engineers  
were dropped from the bill. These  
are the items that aroused President  
Taft's suspicions of the bill and that  
led to reports that the president  
might veto the measure. There are,  
however, some good-sized pieces of  
pork still in the bill. One of two  
other propositions that originated in  
the house which had never been re-  
commended by engineers also remains  
in the bill, and there is considerable  
speculation as to the president's atti-  
tude toward the measure.

It is certain that the conference re-  
port will meet with a cool deal of  
opposition in the senate, and possibly  
in the house. Senator Bailey of Tex-  
as is said to be especially displeased  
because an amendment put into  
the bill in the senate authorizing the  
Beaumont-Neches canal in Texas was  
dropped by the conference. Senator  
Burton also is far from satisfied with  
the report, and threatens trouble. It  
appears now that a proposition for  
the improvement of the harbor of  
Cleveland, Senator Burton's home  
city, is dropped by the conference re-  
port.

The following projects put into the  
bill in the senate were eliminated  
entirely by the conference: Beaumont-  
Neches canal, Texas, \$200,000; Green  
river dam, Kentucky, \$250,000; Arca-  
dia harbor, Michigan, \$20,000; im-  
proving Missouri river at Lake Con-  
trary, \$75,000.

The total carried by the bill as re-  
ported is \$21,947,718.

Reporter Wise to Gertrude.  
New York, June 1.—Gertrude Hoff-  
man, Salome dancer, and then some,  
sailed for Europe on the Prinz Fro-  
dolph Wilhelm with a contract for  
\$126,000 for next year. "Where is  
this contract?" asked a reporter. "In  
the safest place that a woman  
knows." The reporter glanced to-  
ward her shoes. "You've guessed,"  
laughed Salome. "It's in my stock-  
ing."

### PRISONERS ESCAPE PRISON

Ohio Penitentiary Loses Two Star  
Boarders by Front Wall Route.  
Columbus, O., June 1.—Two pris-  
oners escaped from the Ohio peniten-  
tiary by scaling the front building  
with the aid of a two-inch piece of  
belting. They are Albert Pringer, 24,  
sent up from Lucas county to serve  
15 years on a charge of burglary and  
larceny, and Bert Smith, 20, serving  
a life sentence for a murder commit-  
ted in Cuyahoga county. The former  
had been in prison a little over a  
year and Smith a little more than  
two years. Bloodhounds at Lancas-  
ter have been sent for.

Mayor John F. Fitzgerald, of Bos-  
ton, who has gone on record as fa-  
voring Sunday baseball. He declares  
that he will submit a bill to the leg-  
islature providing for the making of  
Sunday baseball and similar sports  
legal. He argues that such recrea-  
tion is much better than  
enforced idleness for boys and men  
who have no way of amusing them-  
selves. Boston fans are applauding  
his declaration.

## FIND EVIDENCE OF CRIME IN CHURCH

Now Believed Alma Kellner Killed  
Near Altar.

Louisville, Ky., June 1.—It is be-  
lieved that Alma Katherine Kellner,  
the little eight-year-old girl who dis-  
appeared from her home on Dec. 8,  
was murdered within the sacred  
walls of St. John's Catholic church.  
Traces of the crime have been dis-  
covered underneath the floor of a  
small room adjoining the altar of the  
church. Bloodstains on the brick in  
the wall, a small leather gaudy  
worn by the child on the day she left  
home, two bloodstained handker-  
chiefs belonging to a man, and a  
piece of black feather that adorned  
the girl's hat were some of the dis-  
coveries made by the neighbors.

That the body was thrust through  
a hole in the floor of the sacristy  
which led to the basement of the  
church by the murderer is the theory  
of those working on the mystery, and  
then an attempt made to exhumate it  
in the furnace of the church. Failing  
in this, it is thought that the head  
carried the body to the unused collar  
of the school and there buried it.  
Only one carriage followed the  
hearse to the cemetery, and the fun-  
eral was held unexpectedly to avoid  
a crowd of morbidly curious people.  
Mrs. Lena Wendling, wife of the  
missing janitor of the school, who is  
being held as an accessory to the  
murder of the child, was presented in  
police court, but her case was con-  
tinued. She denies all knowledge of  
the crime.

Joke Proves Reality.  
Bucyrus, O., June 1.—"If anything  
happens we have the undertaker  
with us," said Robert McDonald joy-  
fully as a party of Altica men got  
into an automobile here to drive to  
Altica. An hour later the car was  
wrecked and the undertaker's own  
ambulance was summoned to carry  
him home. Mr. McDonald, whose  
joke about the undertaker was per-  
fect, is dead from his injuries, hav-  
ing died in the hospital.

Assert Kohler Was Drunk.  
Cleveland, O., June 1.—The civil  
service commission began hearing  
witnesses in support of 23 charges of  
drunkenness and immorality on  
which Frederick Kohler was suspended  
as chief of police a week ago.  
Kohler filed a general denial. Several  
witnesses testified that in their opin-  
ion Kohler was intoxicated last elec-  
tion night, Nov. 2, in the rooms of  
the board of elections and on the  
street.

### TAKES SHOT AT AIRSHIP

Aviator Willard Lands When Mis-  
souri's Bullet Hits Propeller.  
Jonlin, Mo., June 1.—Badging rifle  
bullets in cloudland was the harrow-  
ing experience of Charles Willard,  
the aviator, who sailed westward in  
a Curtiss biplane from the Jonlin  
aviation field and who was forced to  
settle to earth two miles from his  
starting point, after one of the mis-  
siles had splintered his propeller, cut  
a hole through the plane and broken  
one of the airplane ribs. No trace  
of his assailant was found.

Tipped to Succeed Ballinger.  
Washington, June 1.—So persistent  
have the reports become that Sec-  
retary Ballinger is to retire from the  
Taft cabinet that the romps are al-  
ready busy with the selection of his  
successor. Former Senator Charles  
J. Long of Kansas was tipped as the  
probable choice of the president.

## OHIO EDUCATOR IS HONORED

Dr. Guy Potter Benton Made Presi-  
dent of Boston University.

Boston, June 1.—By an unanimous  
vote the trustees of Boston univer-  
sity elected as president Guy Potter  
Benton, president of Miami univer-  
sity since 1902, as successor to Pres-  
ident William E. Huntington, whose  
resignation was offered some months  
ago. The trustees express the belief  
that Boston university will be fortu-  
nate in securing the services of Dr.  
Benton as president.

Dr. Benton has just returned from  
his sabbatical years abroad and it  
has been suggested that the trustees  
of Miami university might feel that  
this is hardly the proper time for  
him to leave. The Boston university  
trustees express the hope that if any  
such objection exists it will be over-  
come in order that Dr. Benton may  
be permitted to come to Boston. Dr.  
Benton was educated at the Ohio  
Normal university, Ohio Wesleyan,  
Yale university and University of  
Wooster.

Benton Is Noncommittal.  
Oxford, O., June 1.—Dr. Guy Potter  
Benton, president of Miami univer-  
sity, declined to discuss his election  
as head of Boston university. Whether  
he will accept the new post will  
not be announced until after he has  
consulted with the trustees of the  
local institution, he said.

### CRAWFORD NOW IN CHARGE

Adams County Editor Succeeds Sul-  
livan as Public Printer.

Columbus, O., June 1.—E. A. Craw-  
ford of Adams county, editor of the  
People's Defender, today succeeded  
J. J. Sullivan of St. Marys as su-  
perintendent of state printing. Almost  
coincident with the assumption of office  
by Mr. Crawford, a report was filed  
with the state accounting bureau on  
Adams county showing that his pa-  
per made an overcharge of \$735.02  
against the county, and this, the re-  
port states, should be returned. The  
report was made by Examiners G. W.  
Burrell and R. H. Cope, and covers  
the period from April 1, 1907, to Jan.  
1, 1910. The total findings against  
officials and others amounts to  
\$2,572.58.

### BIG BARBECUE PLANNED

Columbus Democrats to Hold Jubilee  
June 27.

Columbus, O., June 1.—Governor  
Marshall of Indiana, Champ Clark of  
Missouri and Ollie James of Ken-  
tucky will be the principal speakers  
at the annual outing and barbecue of  
the Columbus Jefferson club, to be  
held at Olentangy park June 27. De-  
legates from the Jefferson club will  
attend the Democratic convention at  
Duxton June 22 and extend a general  
invitation to all the delegates there  
to attend the Columbus outing.

A hundred thousand invitations  
will be sent over the state, which  
will admit the bearer to the grounds  
and to the tables at the barbecue.  
The members of the club say they  
are going to try to make this the  
greatest Democratic assembly ever  
held in the state of Ohio.

Hildreth's Horse Makes Pace in  
Breckin Handicap.

New York, June 1.—Fitzgerbert,  
the best race-horse in America, won  
the historic Breckin handicap, one  
mile and a quarter, at Gravesend.  
Running in the colors of Mr. Hil-  
dreth and carrying 129 pounds, the  
four-year-old son of Ethelbert-Mor-  
gan made all the pace, beating  
the other starters into submission  
with such ease that more than  
12,000 spectators were convinced of  
his greatness. The time was 2:05 2-5.

Former Treasurer Treat Dies.  
New York, June 1.—Stricken with  
apoplexy, Charles Henry Treat, 63,  
until last September treasurer of the  
United States, died in the Victoria  
hotel without regaining conscious-  
ness. His wife and two daughters  
were with him.

## PUT SUGAR FRAUDS UP TO DEAD MEN

Bendernagel and Gerbracht Pro-  
test Innocence.

New York, June 1.—It was a case  
of putting it up to somebody else  
when the defense began in the sugar  
fraud trial before Judge Martin in  
the United States circuit court. The  
defense of both Bendernagel, the  
cashier of the Williamsburg refinery,  
and Gerbracht, its superintendent, is  
that Spitzer, the dock superintendent,  
had a department all to himself  
and that they had nothing to do with  
weighing, Bendernagel hardly know-  
ing one weight from another.

In his opening for Gerbracht,  
George MacKellar, his counsel, in ad-  
dition to laying whatever blame there  
was on Spitzer, mentioned the names  
of J. O. Bonner and F. E. Matthies-  
sen, former directors of the trust, and  
both dead. He said that instead of  
Gerbracht's having charge of the re-  
finery while these men were alive, he  
was in reality only a sugar boiler,  
seeing that the fires were kept under  
the pots, and that the man really in  
charge of what was going on in a full  
managerial sense was first Mr. Bon-  
ner and then Mr. Matthiesen, whose  
offices were at the refinery. Mr. Mat-  
thiesen died in 1906. After that  
Gerbracht had his powers slightly  
extended, but he never did cover  
Spitzer, so Mr. MacKellar said.

Parts of Ohio.

tulio, serving a life sentence for mur-  
der, died at the penitentiary hospital.

to remand the Hocking Valley re-  
ceivership case back to the common  
pleas court was overruled in federal  
court by Judge Sater, and the case  
will now be heard on its merits in  
the United States court.

### Can Reduce Rates.

Washington, June 1.—The power  
of the interstate commerce com-  
mission to enforce railway rates of their  
own making was affirmed in a strong  
opinion rendered by Justice McKen-  
na for the supreme court of the  
United States. The rate-making  
power of the commission was at-  
tacked by several scores of railroads  
on the ground that the law author-  
izing it was a delegation of legisla-  
tive authority.

### Coal Dealers Organize.

Columbus, O., June 1.—Howard  
Manning, Columbus, is to be sec-  
retary of the Michigan-Ohio-Indiana  
Coal Operators' association, which

Toledo.

### Transplant Large Bass.

Columbus, O., June 1.—"We are  
planting a large number of mature  
fish in the inland lakes and streams,"  
said State Fish and Game Warden  
John C. Speaks. "That is all addi-  
tional to the usual planting of young  
fish hatched in the state hatching  
plants. Those we will distribute  
through the state in August. The  
fish we are planting now are mature  
bass which we get in Lake Erie.  
There is no doubt that they will do  
well in the inland waters. And they  
will spawn this season yet."

### Fawcett Held to Grand Jury.

Mansfield, O., June 1.—Fred Faw-  
cett, the negro desperado who, it is  
charged, shot down Special Officer  
Hunt here last Thursday, was cap-  
tured in Columbus and brought back  
to Mansfield. Fawcett was given a  
speedy hearing before Mayor Brown,  
being charged with shooting with in-  
tent to kill. He was held for grand  
jury under \$5,000 bond. Fawcett was  
hurried to the county jail, as there  
had been threats of lynching. The  
negro had been shot twice by Officer  
Gray while escaping after shooting  
Officer Hunt.

Soldiers and Police in Battle.  
Cheyenne, Wyo., June 1.—Soldiers  
from Fort D. A. Russell and a squad  
of police fought a pitched battle in  
the streets, in which three soldiers  
are said to have been wounded. The  
police retreated to the station house,  
where they were besieged by the sol-  
diers until relieved by negro troopers  
from the fort.

The more known about the composition of  
Dr. Pierce's Favorite Prescription the more  
confidently will invalid women rely upon it  
to cure their peculiar weaknesses and de-  
rangements. There's no secrecy about its  
make-up—no deceptive inducements held out  
to the afflicted. It's simply a good, honest,  
square-deal medicine with no alcohol, or  
injurious, habit-forming drugs in its compo-  
sition. Made wholly from roots. It can do no harm in any  
condition of woman's organism.

Devised and put up by a physician of vast experience in the treatment of woman's  
maladies. Its ingredients have the indorsement of leading physicians in all  
schools of practice.

The "Favorite Prescription" is known everywhere as the standard remedy  
for diseases of women and has been so regarded for the past 40 years and more.

Accept no secret nostrum in place of "Favorite Prescription"—a medicine OF  
KNOWN COMPOSITION, with a record of 40 years of cures behind it.  
It's foolish and often dangerous to experiment with new or but slightly tested  
medicines—sometimes urged upon the afflicted as "just as good" or better than  
"Favorite Prescription." The dishonest dealer sometimes insists that he knows  
what the proffered substitute is made of, but you don't and it is decidedly for your  
interest that you should know what you are taking into your stomach and system ex-  
pecting it to act as a curative. To him its only a difference of profit. Therefore,  
insist on having Dr. Pierce's Favorite Prescription.
